

By Faith

A Christmas hymn — lyrics by Patrick Fung

VERSE 1

A word came with mercy and light,
The prophets had promised the Child;
In Bethlehem, small and yet bright,
The virgin would bear Him, foretold.

VERSE 2

We rose with a song in our hearts,
To Bethlehem, David's own town;
No room in the inn to be found,
And there in a manger He lay.

CHORUS

By faith we come, by faith we sing,
The promised Child is Christ the King;
We trust Him with the whole design,
For God is here, His light will shine.
By faith we walk the road of light,
By faith we follow through the night;
Our hope is sure in all of this,
For God is here and we are His.

VERSE 3

His name is the joy that we hold,
The shepherds first heard angels sing;
The wise men then followed the star,
With gold and with incense to bring.

CHORUS

By faith we come, by faith we sing,
The promised Child is Christ the King;
We trust Him with the whole design,
For God is here, His light will shine.
By faith we walk the road of light,
By faith we follow through the night;
Our hope is sure in all of this,
For God is here and we are His.

BRIDGE

Faith is the star that led the way,
Faith is the song the angels sing,
Faith holds certain what we hope for,
And keeps us singing as we go.

CHORUS

By faith we come, by faith we sing,
The promised Child is Christ the King;
We trust Him with the whole design,
For God is here, His light will shine.
By faith we walk the road of light,
By faith we follow through the night;
Our hope is sure in all of this,
For God is here and we are His.

TAG — SOLO
